

Imperialism in Asia

WHAT

Europeans want to expand and take over other areas/countries

WHY

Desire for money
Nationalism
Spread of Christianity

JAPAN

1. Japan led by a powerless emperor and a shogun (military leader)
2. Japan wants to be isolated, nothing foreign
3. US sends Perry to force Japan to trade
4. Japanese slowly westernize
5. Russia tries to take land from Japan, Japan fights back
6. Japan wins Russo-Japanese War (1905)
7. Europe now afraid of Japan

CHINA

1. China allows foreign areas for trade, but limited
2. Europeans have high demand for Chinese goods
3. Britain wants to trade more, use opium from India
4. Chinese fight back -> Opium Wars
5. China loses and Europeans create economic spheres of influence
6. Chinese fight Boxer Rebellion to get rid of foreigners, but they lose again
7. Everybody gets to trade in China -> Open Door Policy

INDIA

1. Portugal, England, and Netherlands want control of Indian trade
2. Britain controls India through the British East India Trading Company
3. India resists by fighting Sepoy Rebellion
4. India loses and becomes a colony
